

ISEK XXVI

Jyväskylä, Finland

June 24-27, 2026

**SPONSOR & EXHIBITOR
OPPORTUNITIES PACKAGE**

Dear Collaborators and Industry Partners,

It is our pleasure to invite you to support our next congress, which will be held in Jyväskylä, Finland June 24-27, 2026. This will be the Society's 26th Biennial Congress, where we hope to continue our expanding our global reach and connect with partners from around the world at this face-to-face congress. Our congress will provide you with great opportunities to showcase your products and interact with influential researchers and clients on an international scale.

SPONSOR high profile items such as student travel awards or program content to get further exposure to 400+ attendees. Become an **EXHIBITOR** and display your products and services within high traffic areas of the conference venue and **ADVERTISE** in our digital program book. Full details can be found in this package.

Kylie Tucker, President, ISEK

Harri Piitulainen, Chair, 2026 Congress

What is the ISEK XXV Congress?

Every two years, scientists gather to share advances and knowledge in the **broad field of Electrophysiological Kinesiology**. Our attendees are affiliated institutes and universities and bring experience in the fields of Electromyography, Functional Electrical Stimulation (FES), Motor Unit Control, Neuromuscular Diseases, Rehabilitation, Muscle Fatigue, Kinesiology, Motion Analysis, Ergonomics and many other areas of study.

The Congress is organized by a local committee chaired by Harri Piitulainen, University of Jyväskylä.

Who attends the Congress?

The ISEK Congress draws leading scientists, researchers, and graduate students in all areas of electrophysiology and kinesiology from multiple countries around the world.

We expect to attract **approximately 400+ attendees** at the 2026 Congress.

Past ISEK congresses drew scientists and clinicians from the following areas, to name a few:

- Biomedical engineering
- Physicians/Medical community
- Rehabilitation
- Electrical engineering
- Mechanical engineering
- Ergonomics
- Biomechanics
- Kinesiology
- And others

WHY **SUPPORT** ISEK Congress?

WHY SUPPORT?

Premium **branding & positioning** opportunity

- Reinforce and strengthen your brand position within our community
- Increase credibility, expand loyalty and build opportunities with new or existing clients and collaborators
- Set your product, service and brand apart from your competitors
- Custom design your booth to reflect your corporate identity

Connect with **leading and emerging** researchers

- Connect with research labs leaders and scientists affiliated with large and diverse professional departments
- Reach 400+ internationally based attendees from the various fields of kinesiology and electrophysiology.

Facetime with **decision makers**

- Interact with attendees from approximately 25 countries who make or influence purchasing decisions and are actively seeking new information, products, and techniques for measuring motor performance

**indicates an opportunity for exclusive sponsorship*

The background of the image is a blurred photograph of a group of people in a meeting or conference setting. They are seated around a table, and some are looking towards the camera while others are looking down. The image is out of focus, with a soft, bokeh-like effect. The colors are muted, with a lot of light blues, greys, and some darker tones from the people's clothing.
